Source: 2014 Religious Landscape Study, conducted June 4-Sept. 30, 2014. Based on registered voters. Don't know/refused responses not shown. Results for the faith sharing question are based only on those who are affiliated with a religion because religious "nones" were not asked this question.

¹Most Protestants in the Religious Landscape Study were categorized into one of three Protestants traditions (the Evangelical, Mainline, or Historically Black Protestant traditions) based on their specific denominational affiliation. However, some Protestants gave a vague denominational identify, such as "just a Baptist" or "just a Methodist." See "[America's Changing Religious Landscape](#)" for more details.
