## Endnotes

---

- <sup>1</sup> In this fact sheet, eligible voters are defined as U.S. citizens ages 18 and older. Eligible voters are not the same as registered voters. To cast a vote, in all states except North Dakota, an eligible voter must first register to vote.
- <sup>2</sup> The terms “Hispanic” and “Latino” are used interchangeably. References to “whites,” “blacks,” and “Asians” are to the non-Hispanic components of those populations.
- <sup>3</sup> The specific data set used to derive estimates contained in this fact sheet are from the University of Minnesota’s Integrated Public Use Microdata Series (IPUMS) for the 2006 American Community Survey (1% sample). Information can be found on the following Website: <http://usa.ipums.org/usa/>. The estimates in this fact sheet are subject to sampling error. Also, estimates in this fact sheet will differ from estimates that may be published by the Census Bureau because of differences between the data used by the Census Bureau and the data it has released for public use.
