

Topline Questionnaire

**Pew Research Center
Spring 2016 Survey
July 6, 2016 Release**

Methodological notes:

- Survey results are based on national samples. For further details on sample designs, see Methodology section and our [international survey methods database](#).
- Due to rounding, percentages may not total 100%. The topline “total” columns show 100%, because they are based on unrounded numbers.
- For more results from the U.S. survey conducted April 12-19, 2016, see “[Public Uncertain, Divided Over America’s Place in the World](#).”
- Not all questions included in the Spring 2016 survey are presented in this topline. Omitted questions have either been previously released or will be released in future reports.
- Throughout this topline, data from the Netherlands in 2016 have been updated to reflect a revised weight, which corrects the percentages for two regions.
